ROME FLOYD UNIFIED FOOTBALL BYLAWS

ARTICLE I. PURPOSE

Section A. Rome Floyd Unified Football Committee

The Rome Floyd Unified Football Committee (UFC) was established and empowered in 1992 for the purpose of establishing and administering a Unified Youth Football Program for Rome and Floyd County by the Rome Floyd Parks and Recreation Authority (RFPRA) and the Boys and Girls Club of Northwest Georgia (BGCNWGA). The UFC is comprised of six members; three representatives from the BGCNWGA staff and Board and three members from the staff and Board of RFPRA. The Director

of RFPRA and the President of the BGCNWGA appoint these members. The RFPRA sports staff and the staff of the BGCNWGA will manage the program on a day-to-day basis.

This UFC is responsible for:

1. Establishing, administering and enforcing policies, procedures, rules and regulations.
2. Setting program calendar
3. Identifying and appointing volunteer coaches
4. The UFC will Serve as the Grievance Committee (UFC decisions in these matters will be final)

Section B. Philosophy of Youth Athletics

It is our intent to offer a youth football program on an equal opportunity basis. It is our belief that competing in sports is critical to developing character and self-esteem. We also believe that the lessons learned in competition can be applied to all life endeavors. Therefore, all individuals wishing to participate will not be discouraged from doing so. Teams are organized to maximize participation for all. Each participant who is dressed out and fit to play will play.

The UFC views all volunteer coaches as an integral component to the success of the total program. Cooperation and communication are essential to maintaining a quality experience for all. Coaches should strive to maintain a good working relationship with parents, players and the Unified Football Committee.

Participants will reflect the character and attitude of their coaching staff. Therefore, it is imperative that all coaches at all times, display and model excellent sportsmanship and high moral character. Coaches should refrain from any action that would tarnish their reputation with the teams in their league or the program.

Section C. Mission Statement

The Unified Football Committee's primary mission is to provide a quality youth football program that develops self-esteem, character and good citizenship in the youth of this community without regard to race, sex, creed or national origin.

This does not include assistant coaches children, only a head coach is given this provision.
 6. Participants changing school districts after the **regular season** has begun will be permitted to participate with that district or may switch to their new district. Participants changing schools prior to the regular season must play for the school district they attending at that time. 4

Section C. Length of Games

1. A regulation game shall consist of four (4) eight minute quarters.
2. Clock Operation AFTER change of possession.
 - A. Kick-Offs (Pee Wee or Mites)
 - Any kick-off that is returned and the ball carrier is downed in the field of play, the clock will re-start with the Ready-For-Play signal.

- Any kick-off that is returned and the returner runs out of bounds or the ball is fumbled out of bounds by the ball carrier; the clock will start with the ensuing snap.
 - Any kick-off that enters into the end zone and is a touchback, the clock will start with the ensuing snap. Remember a kick continues to be a kick until the ball is possessed by a player on the field of play. Mere touching is NOT possessing.
 - Any kick-off that travels out of bounds; the clock will start with the ensuing snap. Where the ball is spotted depends on the rule applicable to the cause of the ball going out of bounds.
 - If a kick-off is downed by the kicking team within the ten (10) yard zone between the two Free-Kick lines or is legally recovered after going 10 yards and having touched the ground before recovery; the clock will start with the Ready For Play signal. To emphasize for a kick-off to be legally recovered by the kicking team the ball must a) travel ten yards untouched by the kicking team and touch the ground order in which these two criteria occur does not matter or b) if kick-off is first touched by the receiving team within the ten yard zone it is a free ball, will belong to the recovering team and the clock will start on the Ready For Play signal.
 - After any muff of a kick that is recovered in the field of play by either team, the clock will start with the Ready For Play signal.
- B. Kick Offs, Punts and Field Goal Attempts
- Kick Off fielded by a receiver in the field of play and returned or a ball becomes dead in the field of play. Clock will start with the Ready For Play signal regardless of which team has possession.
 - Any kick off that enters the end zone is a touchback. The ball will be placed on the 20 yard line and the clock starts on the ensuing snap.
 - Punt/Field goal attempt that goes out of bounds prior to the end zone; the ball will be brought in at the inbounds spot and the clock will start on the snap. Same is true if a kick off was returned but then fumbled out of bounds.
 - After any muffed punt/field goal attempt and recovered in the field of play, the clock will start with the Ready For Play signal.
- C. Clock Status due to change of possession due or turnover (i.e., fumble, interception, etc.) or failure to convert a fourth down attempt into a first down:
- After a fumble recovered by the defense, the clock will start with the Ready For Play signal (any fumble that goes out of bounds is retained by the team last in possession and the clock starts on the ensuing snap).
 - After an interception, the clock will start with the Ready For Play signal.
 - After a failed attempt to make a first down on a fourth down play:
 - (a) Play ends in the field of play and short of the first down stake, possession goes over to the opponent and the clock will start with the Ready For Play signal.
 - (b) If the play ends with the runner going out of bounds or fumbling out of bounds short of the line to gain, the possession goes to the opponent and the clock starts on the e
 - (c) If the play ends with an incomplete pass, the possession goes to the opponent and the clock starts on the ensuing snap.

- Punts will be a dead ball kick; all defensive players will take a knee during the kick except for one defensive punt receiver. The ball will be spotted where the receiver catches or controls the ball. All punts must be from long snapped formation. Delay of game can still be called even though punts are dead ball.
- Kick Offs will be from the 40-yard line.

E. Mite Division Punts Live Ball Punts and Kick Off

- Punts start out as a dead ball and once the punter is in control of the snapped football the official blows the whistle and the play becomes live, the defense must have seven (7) players on the line of scrimmage and two (2) players whom cannot be no more than 5 yards off the line of scrimmage, this allows for two (2) punt receivers for the punt return team. The intent of the rule is to keep teams from developing a wedge prior to the ball becoming live, and to help aid in the realism of the punt return portion of the game. By Rule, Mite Division Punts become live once the official whistles in that the punter has control of the snapped football, which at that moment makes the punt returnable or gives the opportunity for a blocked punt. **No fake punts will be allowed.**
- Kick Offs will be from the 40 yard line.

3. In the event of game stoppage due to weather or time limitations, a game will be suspended and completed at the next available time.
4. Each team shall be allowed three (3) time-outs per half. Halftime shall be 10 minutes.

Section D. Weight Restrictions

1. The player's weight shall be determined prior to the season on scales of the balance type.
2. The official weigh-in shall be conducted prior to the start of the season.
3. Only registered participants will be weighed at weigh-in.
4. The following is the maximum weight allowed in each division for running backs and receivers:

• Junior Pee Wee	85 lbs. (6 yr. old must weigh a minimum of 55 lbs.)
• Pee Wee	100 lbs.
• Mites	150 lbs
5. Any player over the maximum weight limit of backs and receivers will be restricted to play interior linemen. All such players will have an orange dot affixed to their helmet which should remain there throughout the entire season. If for any reason the dot is removed, the head coach may be subject to discipline from the UFC up to and including dismissal from the program.
6. Any weight restricted player that does not have an orange dot on his helmet will be issued a 15 yard penalty and the player will be removed from the game until proper markings are placed on his helmet. The penalty will be charged to the head coach as an unsportsmanlike penalty.
 - a. 1st Infraction: 15 yard penalty and automatic 1st down if on the defense or loss of down if on the offense.
 - b. 2nd Infraction: 15 yard penalty and automatic 1st down if on the defense or loss of down if on the offense. This will be charged as an unsportsmanlike penalty against the head coach on the second infraction and all following infractions.

7. Interior linemen will not be allowed to advance the ball on any kick return, punt return, fumble or lateral defensive play. *Interior linemen may **NOT** advance an intercepted forward pass.
8. Players that are designated as backs or ends will be allowed to play as interior linemen.
9. Weight restricted interior linemen cannot be used as receivers or ball carriers.
10. Only the back or receiver that fumbles the ball will be allowed to advance the ball. Should the defensive team recover the fumble the play is dead at the recovery spot and there is a change of possession.

Section E. Practice Guidelines

The following UFC procedures for practices in excessive heat situations have been established to protect the youth of Rome-Floyd County as well as the volunteers that serve as coaches in this program. Practice is defined as the period of time that a participant engages in a coach-supervised sport or conditioning activity. Practices are timed from the time the players are scheduled to report to the field until they released by the head coach.

1. Length of Practices: All pre-season practice sessions are limited to 2 hours maximum and no more than four sessions per week. During the season, practice sessions are limited to 1 ½ hours maximum and no more than three sessions per week.
2. Provide cooling zone to include: water, ice towels and spray bottles with ice water in a shaded area.
3. Teams may not conduct any type of practice prior to the approved start date on the coach's calendar.
4. Adhere to practice restrictions as outlined in coach's calendar.
5. Ensure all players are properly equipped as defined in Article IV.

Section F. Weather Conditions Affecting Practice

1. **Wet Bulb Globe Temperature** alerts will be issued daily at 4:00 PM, 5:00 PM and 6:00 PM throughout the season until temperatures are constantly below Level 1.
 - a. A decision will be made using a current meteorological reading from UGA College of Agricultural & Environmental Sciences, weather source which is located in Floyd County. Head Coaches will be text the current weather conditions.
2. The UFC has adopted the GHSA policy as it relates to practice in heat and humidity in regard to:
 - a. Scheduling practices at various heat/humidity levels.
 - b. Ratio of workout time allotted for rest and hydration at various heat/humidity levels.
 - c. Heat/humidity level that will result in practice being terminated.
3. Guidelines for Hydration and Rest Breaks:
 - a. Rest time should involve both unlimited hydration intake (water or electrolyte drinks) and rest without any activity involved.
 - b. Helmets should be removed during rest time.
 - c. The site of the rest time should be a "cooling zone" and not in direct sunlight.

- d. When the Wet Bulb Globe Temperature Index reading is over 86 degrees ice towels and spray bottles filled with ice water should be available at the “cooling zone” to aid the cooling process.

WET BULB GLOBE TEMP.	ACTIVITY GUIDELINES AND REST BREAKS GUIDELINES
Level 1 – Under 82.0	Normal Activities – Provide at least 3 separate rest breaks each hour of minimum duration of 3 minutes each during workout.
Level 2 – 82.0-86.9	Use discretion for intense or prolonged exercise, watch “at risk” players carefully. Provide at least 3 separate rest breaks each hour of a minimum of 4 minutes duration each.
Level 3 – 87.0-89.9	Maximum practice time is 2 hours. Players restricted to helmet, shoulder pads and shorts during practice. All protective equipment must be removed for conditioning activities. Provide at least 4 separate rest breaks each hour of a minimum of 4 minutes each.
Level 4 – 90.0-92.0	Maximum length of practice is one hour, no protective equipment may be worn during practice and there may be no conditioning activities. There must be at least 20 minutes of rest breaks provided during the hour of practice.
Level 5 – Over 92.0	No outdoor workouts. Cancel exercise; delay practices until a cooler WBGT reading occurs.

ARTICLE VI. SPECIAL PROVISIONS

Section A. Junior Pee Wee Division Only

1. A defensive player will not be allowed to line up over the offensive center. **As a result of this rule**, quarterback sneaks will not be allowed. The QB must be led by a running back if running between the center-guard gap. The QB may run outside the guards and there are no direct snaps to anyone other than the quarterback. The penalty for this is the same as illegal formation.
2. Defense will be allowed to blitz through the B and C gaps. Junior Pee Wee only engages guard on guard. All middle linebackers must be three (3) yards from the line of scrimmage prior to the snap of the ball.
3. No punts. If offensive team decides to turn over the ball, it will be placed 30 yards from the line of scrimmage. No change of possession will begin any closer than their opponent's 10 yard line.
4. Kick offs will not be allowed. The ball will be placed on the 20 yard-line to begin play.
5. One coach from each team will be allowed on the field to call offensive plays and set defensive plays. Coaches on the field are there to help call plays and line the defense up for the next play. At no time is it appropriate for these on-field coaches to question the judgment of the officials.
6. Defensive coach will be allowed to communicate with his team until the offensive team comes out of their huddle. After the offensive team comes out of their huddle neither coach (offense or defense) on the field can talk to their players. Coaches on the field must be 25 yards from the line of scrimmage.

7. The officials can remove the “on the field coach” if the coach is in violation of any provisions. Officials will issue one warning before removing coach from the field. If a coach is removed from the field, no replacement may enter the field.
8. The football may be placed parallel to the line of scrimmage to assist the center to snap the ball.
9. Junior Pee Wee Division **Automatic Punts** and Kick Offs.
 - Automatic Punts – The offensive team must verbally state their intentions of punting before leaving their huddle. After verbal declaration of punting, the clock will stop until the change of possession. There will be **no punts in the Junior Pee Wee Division**, the ball will be marked 30 yards from the line of scrimmage or half the distance from from inside the 20-yard line by the referee. The ball cannot be spotted deeper than the 10-yard line.
 - Kick Offs – After the ball is placed on the **20 yard line**, clock will start on the Ready For Play signal.

Section B. All Age Divisions

1. Offensive line formations must have an eligible receiver on each end of the line of scrimmage.
2. Restricted position players **may never advance the ball**. Anytime a restricted position player, identified by their jersey number (**50-79,90-99**) and orange dot on front and back of helmet, comes into possession of the ball during live play, the play will automatically be whistled dead from that spot. This includes fumbles and interceptions.
3. Restricted position players are **required** to wear a number from **50-79, 90-99** and wear an orange dot on the front and back of their helmets.
4. Restricted position players are required to line up as follows:
 - a. **Offensive line positions can be in a 2, 3, or 4 point stance and be detailed as follows:**

Restricted position players on defense cannot line up wider than the outside shoulder of the offensive tackle. Maximum of 5 restricted defensive players in the game at one time. Linebackers (tackle to tackle) must be off the line-of-scrimmage – depth must be 3 yards off the line of scrimmage. The penalty for this is the same as being off sides.
5. A coach may not discipline a player because of any issue unrelated to the RFUFP.
6. The participation policy can be suspended if a player misses over half of the week’s scheduled practices without notification.
7. All coaches will be required to keep a written record of practice attendance throughout the season.
8. Coaches must report any exceptions at least 60 minutes prior to game time to the football coordinator.

8

Section C. Mandatory Play Rule (MPR)

1. Mandatory Play Rule (MPR) for all Rome-Floyd Unified Football teams: Is **six (6) plays** in every game and jamboree scrimmages. All MPR’s should be based on eligible players at the time of the game. The plays must be from the line of scrimmage. **Kick Offs, Extra Points, QB intentionally spiking the ball and Free Kicks shall not be used in fulfilling the MPR requirement.** A play shall not count toward fulfillment of the MPR if the play results

in a penalty which causes the down to be replayed. All players shall be provided their mandatory plays by participation in “active” plays, without the intent to minimize the action or integrity of the plays. Plays such as, but not limited to: having the center snap the ball to the quarterback and then the quarterback falls to the ground while substitutes are playing the other positions, shall NOT be considered active plays. All players shall receive their mandatory plays by the end of the third quarter, or they shall enter the game at the start of the fourth quarter and remain in the game until they have received their required number of plays. It is the head coach’s responsibility to keep participation records for each game played as verification in the event of a parent/guardian dispute. Failure to adhere to MPR requirements will result in forfeiture of game in addition to enforcement policies.

Section D. Game/Team Guidelines

1. Each team is required to participate in pre-season Jamboree scrimmages.
2. Each team will play a minimum of eight regular season games.
3. Weather conditions at all game complexes are monitored closely. In the event that it is determined by the league officials that the weather conditions warrant stoppage of play, all coaches should assist in removing players from the field as quickly as possible. Play will resume as soon as conditions are considered to be safe. Should games be delayed for more than 30 minutes, game play will be suspended for that day and rescheduled to the next possible play date.
4. **Weather Updates:** Weekday game inclement weather notices will be issued at 3:00 PM. Weekend games will most likely be a game time decision.
5. **Grace Period:** A ten minute grace period from the scheduled starting time for teams not having eleven (11) players properly equipped will be granted for the first game each day.
6. **Running Clock:** Anytime a team is leading by 24 or more points, the clock will run continuously, stopping only for injuries, official time-outs, the time between the P.A.T. attempt and the kick off. If the point spread is reduced to less than 24 points, the clock will return to normal timing procedure.
7. **Ejections:** All coaches and players are subject to being ejected from any game, if in the judgment of the officials their actions warrant such ejection.

Section E: Overtime Procedures

1. An overtime period is untimed play after a regulation game has ended with the score tied. During an overtime period, each team has the opportunity for an offensive series of downs. However, an overtime period may include only one offensive series of downs if the defensive team scores a safety or touchdown.
2. **Instructions:** When the score is tied at the end of the fourth period, the referee will instruct both teams to return to their respective team sideline. There will be a 3 minute intermission during which both teams may confer with their coaches. All officials will assemble at the 50 yard line, review the overtime procedure and discuss how penalties (if any) will be assessed to start the overtime procedure. At the end of the intermission, the officials will inform the coaches on time outs and any specialty penalty enforcements that apply.
3. **Coin Toss:** At the coin toss in the center of the field, the visiting team captain shall be given the privilege of calling the coin while it is in the air. The winner of the toss shall be given his choice of defense or offense first, or of designating the end of the field at which the ball will be put into play for this possession. The loser will have his choice of the other options. The referee will indicate the winner of the toss by placing a hand on his shoulder. To indicate which team will go on offense, the referee will have the captain face the goal toward which his team will advance and indicate this with the 1st down signal. The other team captain will face the offensive captain with his back toward the goal he will defend.
4. **Time Outs:** Each team will be allowed one time out for each extra period. Time outs not used during the regulation periods may not be carried over to extra periods. Time outs between periods shall be charged to the succeeding period.
5. **Overtime Series and Scoring:** To start the overtime, the offensive team shall put the ball in play; first and ten on the defensive team's 15 yard line anywhere between the inbound lines.

That series shall be terminated, by any score by the offensive team or as soon as the defensive team gains possession of the ball.

- a. If the team on offense scores a touchdown, it is entitled to the opportunity for a try unless the points would not affect the outcome of the game.
- b. A field goal attempt is permitted during any down.
6. If the defensive team gains possession, the ball becomes dead immediately and the offensive team's series of downs has ended.
7. After the first team on offense has completed its series of downs, the first team on defense will become the offensive team with the ball in its possession at the same 15 yard line, anywhere between the inbound lines. Both teams will use the same end of the field during each series of downs to ensure equal game conditions.
8. If the score remains tied after each team has given a possession in an overtime period, then the procedure shall be repeated with other overtime periods until a game winner is determined. In this case, there shall be an intermission of two minutes. At the subsequent meeting of team captains the loser of the overtime coin toss will be given first choice of the options. If additional overtime periods are required, then the first options will be alternated with no coin toss.
9. If the score remains tied after 2 overtime periods, any team which scores a touchdown MUST attempt a 2 point try.

10

10. If the defensive team scores a go ahead safety or touchdown, the game is ended.
11. The team scoring the greatest number of points in the overtime shall be declared the winner. The final score shall be determined by totaling all points scored by each team during regulation time and overtime periods.
12. No try will be attempted if the winner of the game has been determined.
13. **Penalty Enforcement:** All fouls are enforced during each possession as they are during any normal game situations.

The Rome Floyd Unified Football Committee (UFC) recognizes that youth sports are competitive by nature and has pledged to create a positive learning experience where our children can learn the importance of teamwork and good sportsmanship while at the same time learn to play and respect the game. RFUFC recognizes that our parents and coaches have a major responsibility to be a good role model for their children and other children in our sports programs and expects them to teach and encourage these same positive behaviors.

With this in mind, the ***Practice Good Sportsmanship Policy*** will be used by our coaches to help our players understand that they have a responsibility to control their behavior while participating in any RFPRA sponsored activity. All players must sign this agreement.

I will respect my Coaches

- I understand that my coaches are volunteers and I will show them respect at all times. - I will not yell at, taunt, threaten or argue with opposing players, coaches, parents or referees in public or private and either before, during or after a game or practice.
- Winning is not everything, it's how you play the game. I will not place blame or negatively judge my teammates or my coaches based on whether or not my team won or lost a game.
- Regardless of my team's win or loss, I will shake hands with opposing players and coaches following a game and I will not make negative comments while doing so.

I will always give my best effort – I understand that each player on my team is important and that I will give my best effort at all times. I will also make it my goal to learn to play confidently at all times.

I will be a team player first – I will strive to be a “team player” first and will practice good sportsmanship by demonstrating positive support for my teammates, coaches and officials at every game or practice.

I will learn the rules of the game – I will show respect for the game and will make the effort to learn and play by the rules of the game at all times.

I will practice what I am taught – I will make the effort to practice what the coaches have taught me during a practice or game and I will ask my coaches questions if I don't understand what they are teaching me.
